- ▶ This study

• *What was my study objective?*

• *How did I approach achieving this objective?*

• *What were my hypotheses and predictions?*

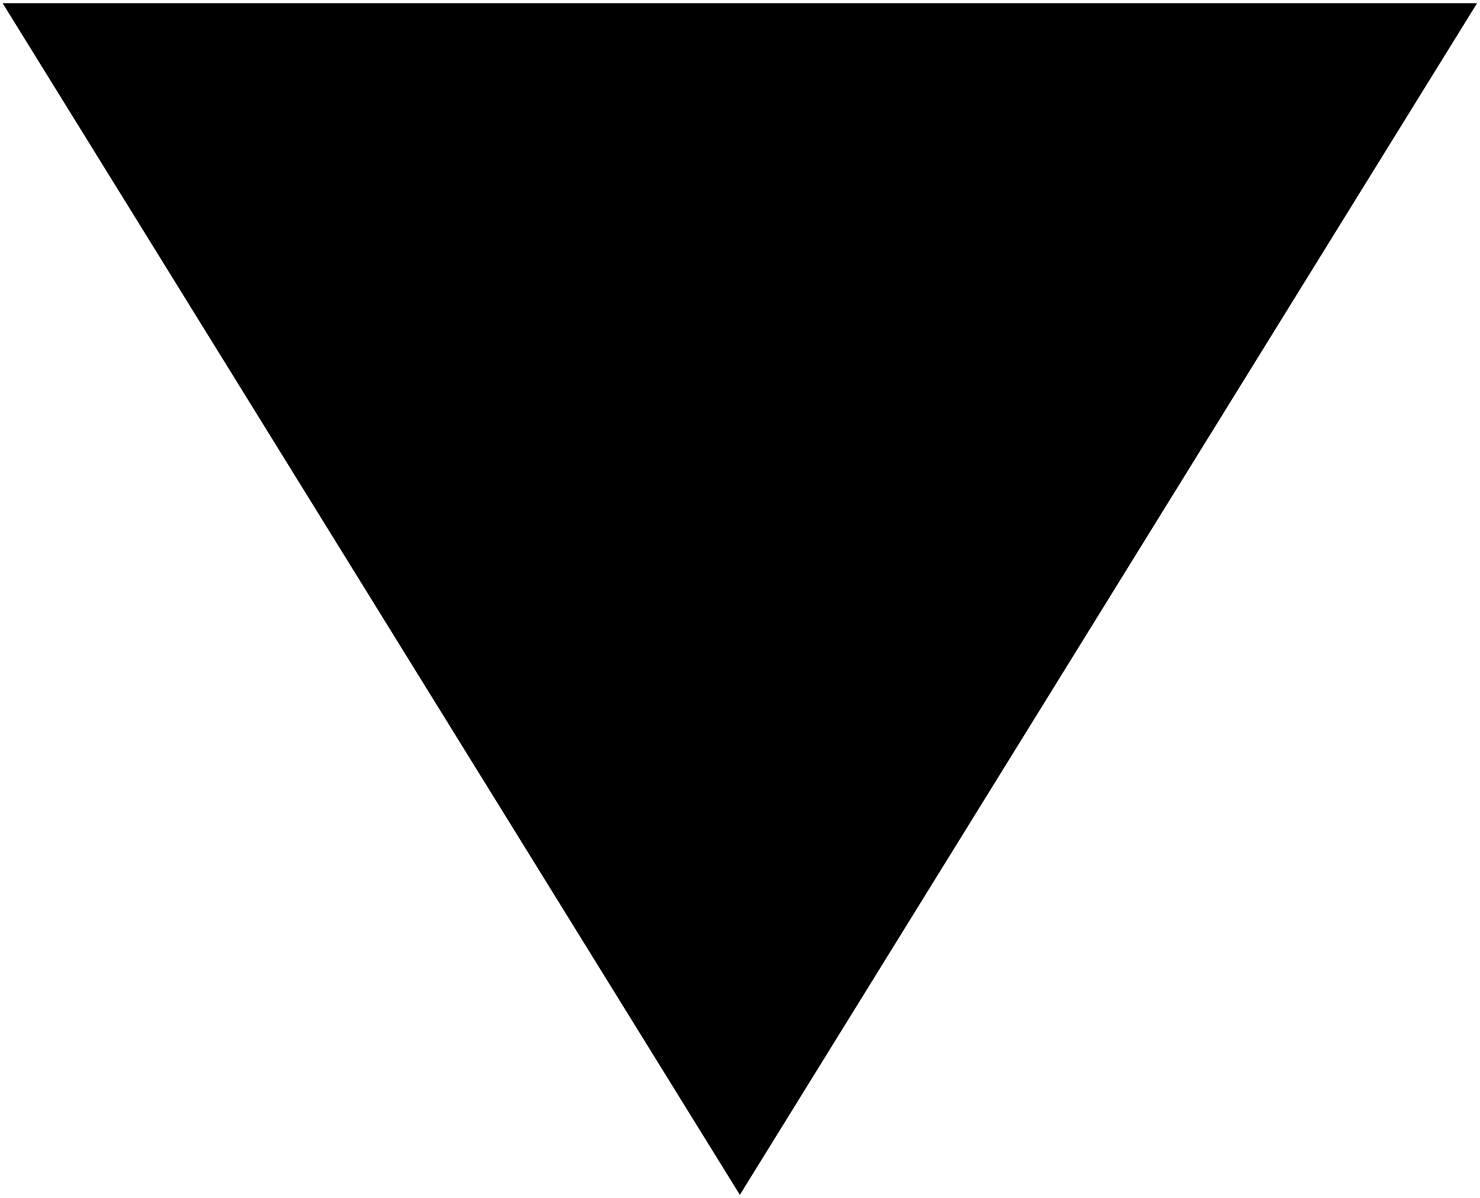

- Very briefly summarize the aims, experimental design/observational set-up, & hypotheses/predictions

“Here, we investigate... Using...”

“In this study, we aim to elucidate... By...”

“We used X and Y to investigate...”

“We hypothesised that...”

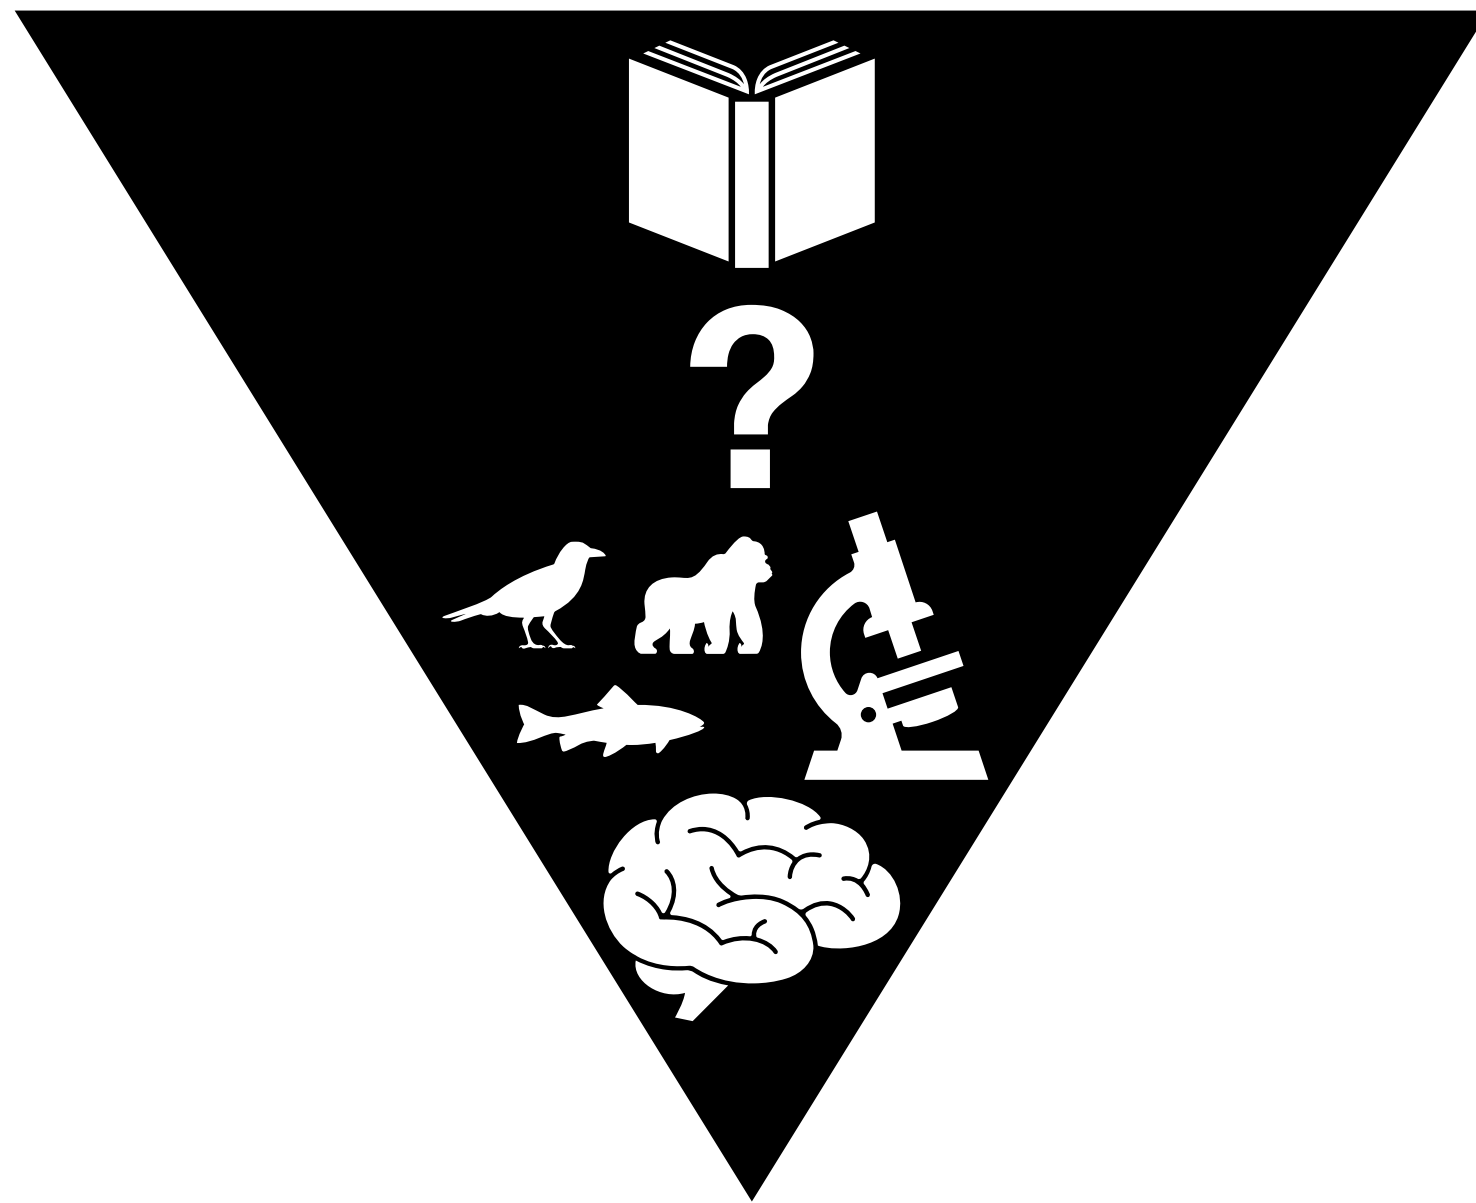

What does my audience need to know in order to understand, and care about, my study?

Aison M. Ashbury, 2022-05-30

Introduction
